LIGHT UP EMOTIONS

Feeling, is what converts time into moments, into snap shot of time to remember.
Emotions convert space into a home, yours.

At Simon, we know that the spaces are the center of all these experience and be able to fill them with nuances and different intensity of sensual.

So you not only living them, but you resonating with them.

Touch, see, hear, feel.

We want to offer you a whole range of sensations.

Simon, light up emotions.

Simon | BUS System

Simon-Bus control system conducts centralized control management of the main indoor electrical equipment (air conditioner, keycard switch, lighting and curtain etc.). Through real-time communication between local area networks and the computer, the operating state of the equipment can be sent to the management computer in time, which is convenient for the scientific management and maintenance by the administrators or service staff. Individual users can improve on the comfort level of the living or working space through the remote control of intelligent terminals.

Simon | **BUS** System

Simon Advantages

Smart

Compatible with mainstream smart terminals, such as smart phones, tablets, intelligent audios, users can view room status and control room facilities, anywhere via intelligent terminal.

Comfortable

Lighting scene is combined with curtains, creating a warm guestroom atmosphere;
Air-conditioning system, central ventilation system, and aromatic system are applied to present a fresh and comfortable environment;
Switch panel is integrated with hotel design style, improving hotel grade.

Energy Saving

Reduce energy expenditure and operating cost through the intelligent control of air-conditioning, curtains, and exhaust fans;
Effectively control lighting and avoid waste through plug-in electricity, infrared sensors, door contact, etc

Efficient

Guest service request (SOS, washing clothes, clearing rooms, check-out, etc.) can be delivered to the customer service center promptly by Simon-Bus control system;
Offers efficient services.

Simon Advantages

1 One-stop shopping

Based on a reliable and compatible Simon-Bus control system as well as professional and comprehensive switch panel products, it fully supports one-stop shopping for all hardware, software and auxiliary materials required by the project. Efficiently solves the customers' requirements, shortens period, reduces cost and improves efficiency.

2 Flexible product range Multiple solutions

Combining hotel space structure and control appliance volume, it provides Simon-Bus series of products with different configurations.

3 Personalized customization

It provides optional customized services according to the customers' special requirements for product functions or requirements for personalized control modes

4 Stable and mature product technology

Through three generations of improved design, Simon-Bus products continuously improve the details with mature technology and stable performance.

- Brand-new 3rd generation Simon-Bus series module products
- Integrated module construction, more convenient maintenance
- One-key synchronization, no need to re-program for updating
- CAN bus architecture with more reliable performance

Simon Advantages

Simon Poject case
Alila Wuzhen

5 Intimate and perfect service

The professional technical team provides full service from mechatronic design, installation guide, debugging guidance and after-sales service, paying close attention to customer requirements and helping customers finish projects before final delivery.

6 Sincere cooperation

Simon has cooperated with domestic and overseas high-end hotel management companies, hotel proprietors, property developers and designing institutes for a long time, its products are widely used in numerous hotels, houses and office projects.

Hotel Total Solution

simon

Individual user

Intelligent terminals can check equipment state anytime and anywhere to conduct adjusting and controlling.

Manage users

Manage users can visit operating state of equipment in the architecture by software and conduct scientific controlling.

Simon-Bus control system

- Air conditioning system
- ☁ Lighting system
- ☂ Curtain control
- 🔌 State control
- 📞 Service center
- 🔧 Maintenance management
- 📱 Intelligent controlling

Lighting product

- Hotel spotlight
- Downlight
- Striplight
- Track spotlight
- Dimming spotlight
- Floor lamp
- Foot light
- Wall lamp

Switch panel

- ELV Switch
- Thermostat
- Doorbell switch
- Intelligent energy door magnet/window magnet
- Shaver socket
- Volume control switch
- Emergency button
- Sensor monitoring

Management Software

Individual users

Pad Control

Users and proprietors can control as they wish
Start intelligent, convenient and beautiful life

Management users

PC terminal control

Provide comprehensive management interface for proprietors
Convenient use and maintenance, high reliability

Management Software

Host management

1. Search hosts in the network and register according to floors and room types
2. Batch set host information
3. Batch issue host upgrading firmware and configuration information

Information view and control

1. Real-time display of room state (rent out, for rent, check out, vacant)
2. Real-time display of service information (SOS, do not disturb, clean up, check out, calling, laundry)
3. Room abnormal remind, including door opening with or without user in the room, safe box opening with un-user in the room, safe box closing while check out, abnormal room temperature, abnormal door closing, disconnected temperature controller.
4. Real-time display of air conditioners' state in the room (wind speed and room temperature, etc.)
5. Real-time display of identity recognition information of inserted room card
6. Real-time switch of room state
7. Support batch operation according to floors, room types and room states etc.

Air conditioning management

1. Air conditioner controlling setting (two-pipe system/four-pipe system)
2. Associated with room state, activate air conditioner
3. General settings aiming at common users, like mode setting, temperature setting and wind speed setting etc.
4. Professional settings aiming at common users, like compensation temperature and dead zone temperature etc.
5. Advanced settings are for professional debugging personnel
6. Support batch operation according to floors, room types and room states etc.

Lighting scene management

1. Single lamp control
2. Group control for user-defined scene and command scene
3. Support batch operation according to floors, room types and room states etc.

Management Software

APP management

1. Set up interface elements of APP application
2. Set up corresponding room number of PAD

Inquire statistical management

1. Inquire room service, air conditioning control, loop state and hotel state
Inquire according to the time period, and then save and print
2. Inquire everyday power consumption data of each room

Maintenance function

1. Malfunction repair
2. Real-time display of repair progress

Authority management

1. Assign different kinds of authority for different roles

System management

1. Set up host IP and port, multicast and system docking address
2. Inquire system log including operation module, movement, details, result, operator, IP address and operation time of the executed operation.

Network topology and systematic framework

Network topology and systematic framework

Simon adopts mature and reliable TCP/IP communication protocol with a high traffic rate as well as full duplex communication mode to ensure rapid, stable and efficient information transfer.

Module Host Machine Layout

Integrated Host Machine Layout

Product List

Power Supply Module

Product name	Power Supply module12VDC(G4)
Product code	S2200-0701
Basic parameter	<ol style="list-style-type: none"> 1. Operating voltage:100-240V ~ 50Hz/60Hz 2. Power output:12V/3.1A 3. Environmental temperature:-10.0°C ~ 40.0°C 4. Altitude:≤2000m
Main function	Provide 12V/3.1A power supply
Dimension	72*66*90mm(L*W*H)

Gateway Module

Product name	Intelligent Gateway Module (G4)
Product code	S2200-0710
Basic parameter	<ol style="list-style-type: none"> 1. Operating voltage: 12V DC±5% 2. Rated current: 200mA 3. Environmental temperature: -10.0°C~40.0°C 4. Altitude: ≤2000m
Main function	<ol style="list-style-type: none"> 1. 1-way Ethernet interface 2. 2-way RS485 interface 3. 2-way CAN bus interface
Dimension	72*66*90mm(L*W*H)

Integrated RCU Module

* Need use with Power supply module(S2200-0701)

Product name	Integrated RCU module(G4)
Product code	S2200-0719
Main function	<ol style="list-style-type: none"> 1. 230V output: <ol style="list-style-type: none"> 12 way*2A lighting 2 way*2A triac dimming 1 way*16A high-power 5 way*2A FCU 4 way*1A curtain 2. 12V input/output: <ol style="list-style-type: none"> 24 way inputs for dry contact signal 24 way outputs for LED indicator 3. 1- way Ethernet 2- way RS485 1- way SimCAN
Dimension	252*66*90mm(L*W*H)

Product name	BUS Gateway Module (G4)
Product code	S2200-0714
Basic parameter	<ol style="list-style-type: none"> 1. Operating voltage: 12V DC±5% 2. Rated current: 200mA 3. Environmental temperature: -10.0°C~45.0°C 4. Altitude: ≤2000m
Main function	<ol style="list-style-type: none"> 1. 2-way RS485 interface 2. 2-way CAN bus interface
Dimension	72*66*90mm(L*W*H) (*Need use with S2200-0715)

Product name	IP Gateway Module (G4)
Product code	S2200-0715
Basic parameter	<ol style="list-style-type: none"> 1. Operating voltage: 12V DC±5% 2. Rated current: 200mA 3. Environmental temperature: -10.0°C~45.0°C 4. Altitude: ≤2000m
Main function	<ol style="list-style-type: none"> 1. 1 CAN bus interface 2. 1 Ethernet interface
Dimension	36*66*90mm(L*W*H) *Need use with S2200-0714

Product name	Docking AC gateway (VRF)
Product code	S00E0-S040
Basic parameter	<ol style="list-style-type: none"> 1. Normal voltage: 12VDC
Main function	<ol style="list-style-type: none"> 1. 3-way for RS485 2. 3-way for VRF communication 3. 1-way for Ethernet 4. Compatible with Simon (Modbus) thermostat 5. Docking to mainstream VRF brands(Daikin,Panasonic...)
Dimension	106*58*96mm(L*W*H)

Product List

Relay Module

Product name 6-Channel relay module(G4)
 Product code S2200-0711
 Basic parameter
 1. Nominal voltage: 12VDC±5%
 2. Rated current:200mA
 3. Environmental temperature:-10.0°C ~45.0°C
 4. Altitude: ≤2000m
 Main function
 1. 6 way*16A for 3500W lighting, <40 lights
 2. CAN (Simon Bus)
 Dimension 108*66*90mm(L*W*H)

Product name 8-Channel relay module(G4)
 Product code S2200-0713
 Basic parameter
 1. Nominal voltage: 12VDC±5%
 2. Rated current:200mA
 3. Environmental temperature:-10.0°C ~45.0°C
 4. Altitude: ≤2000m
 Main function
 1. 8 way*3A for 660W lighting, <20 lights
 2. CAN (Simon Bus)
 Dimension 108*66*90mm(L*W*H)

Product name 14-Channel relay module (G4)
 Product code S2200-0704
 Basic parameter
 1. Nominal voltage:12V DC±5%
 2. Rated current:300mA
 3. Environmental temperature:-10.0°C ~40.0°C
 4. Altitude: ≤2000m
 Main function
 1. 12 way*200W lighting
 2. 1 way*16A
 3. 1 way*200W emergency light(1 way<6 lights)
 4. CAN (Simon Bus)
 Dimension 216*66*90mm(L*W*H)

Dimming Module

Product name 4-Channel TRIAC Dimming Module(G4)
 Product code S2200-0712
 Basic parameter
 1. Nominal voltage:12V DC±5%
 2. Rated current: 300mA
 3. Environmental temperature:-10.0°C ~40.0°C
 4. Altitude: ≤2000m
 Main function
 1. 4 way*3A, 660W TRIAC dimming, <65 lights
 2. CAN (Simon Bus)
 Dimension 216*66*90mm(L*W*H)

Product name 4-Channel TRIAC Dimming Module(G4)
 Product code S2200-0717
 Basic parameter
 1. Nominal voltage:12V DC±5%
 2. Rated current: 300mA
 3. Environmental temperature:-10.0°C ~40.0°C
 4. Altitude: ≤2000m
 Main function
 1. 4 way*5A, 1100W TRIAC dimming, <65 lights
 2. CAN (Simon Bus)
 Dimension 216*66*90mm(L*W*H)

Product name 2-Channel TRIAC Dimming Module(G4)
 Product code S2200-0707
 Basic parameter
 1. Nominal voltage:12V DC±5%
 2. Rated current: 200mA
 3. Environmental temperature:-10.0°C ~40.0°C
 4. Altitude: ≤2000m
 Main function
 1. 2 way*250W TRIAC dimming, <10 lights
 2. CAN (Simon Bus)
 Dimension 90*66*90mm(L*W*H)

Product name 2-Channel 1-10V Dimming Module(G4)
 Product code S2200-0708
 Basic parameter
 1. Nominal voltage:12V DC±5%
 2. Rated current: 100mA
 3. Environmental temperature:-10.0°C ~40.0°C
 4. Altitude: ≤2000m
 Main function
 1. 2 way*3A, 660W 1-10V dimming, <15 lights
 2. CAN (Simon Bus)
 Dimension 90*66*90mm(L*W*H)

Product List

Product name 4-Channel 1-10V Dimming Module(G4)
 Product code S2200-0718
 Basic parameter
 1. Nominal voltage:12V DC±5%
 2. Rated current: 100mA
 3. Environmental temperature:-10.0°C ~40.0°C
 4. Altitude: ≤2000m
 Main function
 1. 4 way*3A, 660W 1-10V dimming, <15 lights
 2. CAN (Simon Bus)
 Dimension 90*66*90mm(L*W*H)

Product name RGB/RGBW Strip Control Module(G4)
 Product code S2200-0413
 Basic parameter
 1. Nominal voltage:12V-24V DC±5%
 Main function
 1. 4 way*5A,12-24V DC,20m(MAX strip length)
 RS485 (Simon Bus)
 Dimension 84*24*76mm (L*W*H)

Product name Tunable White and Dimming Strip Control Module(G4)
 Product code S2200-0414
 Basic parameter
 1. Nominal voltage:12V-24V DC±5%
 Main function
 1. 2 way*7.5A, tunable white and dimming strip,
 12-24VDC,20m(MAX strip length)
 2. RS485 (Simon Bus)
 Dimension 84*24*76mm(L*W*H)

I/O Module

Product name 64-Digital I/O Module(G4)
 Product code S2200-0703
 Basic parameter
 1. Nominal voltage:12V DC±5%
 2. Rated current: 800mA
 3. Environmental temperature:-10.0°C ~40.0°C
 4. Altitude: ≤2000m
 Main function
 1. 34 inputs for dry-contact signal
 2. 30 outputs for indicators, doorbell
 3. CAN (Simon Bus)
 Dimension 162*66*90mm(L*W*H)

AC Module

Product name 2/4-Tube FCU & Ventilation Module(G4)
 Product code S2200-0706
 Basic parameter
 1. Nominal voltage:12V DC±5%
 2. Rated current: 100mA
 3. Environmental temperature:-10.0°C ~40.0°C
 4. Altitude: ≤2000m
 Main function
 1. 3 way*8A relay + 2 way*10A relay
 2. FCU function: ON/OFF, Fan Speed(H/M/L),
 Cooling/Heating/Ventilation mode
 3. CAN (Simon Bus)
 Dimension 108*66*90mm(L*W*H)

Curtain&Water heating Module

Product name 8-Channel Curtain&Water heating Module(G4)
 Product code S2200-0705
 Basic parameter
 1. Nominal voltage:12V DC±5%
 2. Rated current: 200mA
 3. Environmental temperature:-10.0°C ~40.0°C
 4. Altitude: ≤2000m
 Main function
 1. 8 way*3A(Curtain/Water Heating)
 2. 4 way for curtain(Strong current)
 3. 4 way for Water Heating(electric valve)
 /8 way for Water Heating(solenoid valve)
 4. CAN (Simon Bus)
 Dimension 108*66*90mm

Product List

Accessories

Product name Surface PIR Sensor
 Product code S2200-0409
 Basic parameter
 1. Nominal voltage:9VDC-16V
 2. Rated current:50mA
 3. Detection range: diameter ≤6m (installation height ≤3m)
 4. Ceiling installation
 Main function
 1. Pyroelectricity infrared induction with signal output when people come over and without signal output when people walk away.
 2. RS485(SimonBus)

Product name Illumination Sensor
 Product code S2200-0411
 Basic parameter
 1. Nominal voltage:9VDC-16V
 2. Rated current:20mA
 3. Detection range: 0~65530LX
 4. illumination measure error:<10%
 5. illumination resolution:1LX
 6. Ceiling installation
 Main function
 1. RS485(SimonBus)

Product name Infrared and microwave dual sensor
 Product code S2200-0412
 Basic parameter
 1. Nominal voltage:9V DC±16%
 2. Rated current: 85mA
 3. Working frequency :24GHz~24.25GHz
 4. Detection range: diameter ≤6m (installation height ≤3m)
 5. Ceiling installation
 Main function
 1. RS485(SimonBus)

Product name Door magnet (DC12V) (5 sets)
 Product code S2200-0404
 Basic parameter
 1. Nominal voltage:12V DC±5%
 2. Rated current:100mA
 3. Sensing distance:10 ~15mm
 Main function
 1. It can be installed on the door of the hotel or closet in order to test the on-off state of the door.
 2. Dry contact

Product name Window magnet (DC12V) (5 sets)
 Product code S2200-0405
 Basic parameter
 1. Nominal voltage:12V DC±5%
 2. Rated current:300mA
 3. Open distance (D):10 ~15mm
 4. Surface mounted
 Main function
 1. It can be installed on the window of the hotel in order to test the on-off state of the window.
 2. Dry contact

Product name Doorbell Switch with "Do Not Disturb" & "Make Up Room" Indicator
 Product code 58E617
 Basic parameter
 1. Input voltage: 12V 1A

Smart Curtain

Product name Smart Curtain Motor
 Product code S00E0-S025
 Basic parameter
 1. Input voltage: 100-240V,50/60Hz
 Control mode
 1. Dry contact

Product List

Installation box (G4)

Product name	Module (G4) RCU installation box
Product code	S2200-0103
Basic parameter	<ol style="list-style-type: none"> 1. Nominal voltage:220V±10%~ 50Hz 2. -10°C~40°C 3. <90%RH (no condensation of moisture)
Main function	1. Used for installing modularization RCU
Dimension	450*110*580mm(L*W*H)

Product name	Integrated Module (G4) RCU installation box
Product code	A1565-2101
Main function	1. Used for installing Integrated RCU(one row)

Assorted Switches and sockets

3-gang frame (Bedside control switch – ELV)

3-gang frame (Bedside control switch)

5-gang frame (Bedside control switch)

Project Cases

Capella Shanghai Jian Ye Li

Located in Shanghai Hengfu Historical and Cultural Features Protected Area of Xuhui District, the hotel possesses "shikumen" architectural complex built in the 1930s by the French land agent, making it the only seven-star all-villa city resort hotel in Shanghai. The rebuilt architecture will reflect traditional features of Shanghai dwelling with harmonious blending of Shanghai-style culture and Paris expressions. Simon provides guest room control system and switch panel for the hotel as well as witnesses the luxurious regeneration of the historical architecture.

BOFFO L HOTEL XIAN

Simon provides the entire solution of guest room control management for BOFFO LONG Hotel in Xi'an "BOFFO LONG" -- an international hotel brand of Australia, adhering to the work concept of "professional, focused and concentrated" has devoted itself to elaborate the carving of "BOFFO LONG" and "PERFECT" brand for many years. It has successfully created the service concept and system with the core of "surprise + touched," bringing "customized" and "overjoyed touched" experience for guests.

Project Cases

DoubleTree by Hilton Hotel Chongqing

It is located at the commercial center of Nanping, which is close to Chongqing International Convention and Exhibition Center, commercial office building, state office building, shopping center and famous scenery.
